

Scherzo Stand

The Scherzo Stand is an incredibly lightweight folding music stand. The stand weighs less than any other on the market, and comes complete with a nylon carry bag.

The Scherzo Stand tray has two sheet holders to secure the scores to the tray.

A button found on the back of the tray allows the tray angle to be adjusted using only one hand, making it easy and quick to alter the stand securely.

A strong stem clasp secures the tray height, and ensures that it will not slip.

The feet are made from a solid plastic for sturdiness, whilst not adding excess weight. The new design allows the feet to fold upwards towards the stem of the stand, making the scherzo stand even more compact for storage and transporting.

The Scherzo Stand comes complete with a nylon carry case and as a result of its new design, it is now small enough to fit inside a standard backpack.

Detailed Specification

Specifier's description

A folding lightweight music stand that weighs 0.675kg. Stand is made from aluminium with a black powder coat. Plastic feet on base provides 3-point contact with the floor and feet fold upwards. Strong clasps along the stem for height adjustment. Quick adjust button on the back of the tray to adjust the tray angle. Tray has sheet holders to secure scores to the stand. Stand comes complete with a nylon carrying bag.
