

Gig Bag Pro

The Gig Bag Pro provides a secure and padded way to transport and store the RATstands Jazz Stand, Z3 Tablet Stand, or Jazz Stand Pro. A separate compartment for a folder of sheet music and other musician's essentials, can be found on the front of the bag.

The Gig Bag Pro is tailor made to securely transport the RATstands Jazz Stand, Jazz Stand Pro, or Z3 Tablet Stand. Dense padding ensures the stand is safe and protected from any cosmetic damage, whilst travelling between rehearsals and shows.

A separate zip compartment on the front of the bag can hold sheet music and other musician's essentials. Separating these items could also prevent any damage that they could cause to the music stand.

A strong zip that can be opened around 3 sides, secures the stand inside, and makes unpacking the stand trouble free.

The Gig Bag 2 has an adjustable strap to suit all musicians. It can be set between 750mm and 1350mm in length. The detachable strap has a shoulder pad for comfort, and a padded handle provides an alternative way to carry the stand.

Specifier's description

A tailor made polyester carry case, specifically to fit a RATstands Jazz Stand, Jazz Stand Pro and Z3 Stand. Dense padding on all panels to protect the contents. Separate zip compartment on the front of the case for sheet music and other small accessories. A strong zip that opens around 3 sides of the case. A detachable and adjustable shoulder strap, with a shoulder pad for comfort. An alternative padded handle can be found at the top of the case.
