

Opera Chair Range by RATstands

DESIGNED &
MANUFACTURED
IN THE UK

Features of the Opera Chair Range:

- Narrow back rest provides support in the upper lumbar region to encourage an upright posture, and allows free movement of your arms.
- Horizontal seat with downturned front edges allows you to sit with your feet flat on the floor, which helps with blood circulation.
- Easy seat and height adjustment options are available to accommodate each musician's unique sitting position.
- Chairs have a vertical stacking pitch which makes them easier to store than other musician's chairs.

Custom colour upholstery
available on all chairs

Grand Opera Chair Features:

- The chair's seat height and angle, roll angle, and back angle can be adjusted by the touch of a button.
- Adjust the chair's position mid performance whilst sitting and holding an instrument.
- The digital display shows an easy to remember pin code so that the musician can adjust the chair to their ideal setting when they next take a seat.
- Powered by a long-lasting rechargeable battery.

Cellist Chair Features:

- Suitable for the ideal lean forward playing position required by a cellist.
- Can be repositioned to support a range of musicians playing postures.
- Ideal for other roles within the industry who are typically in a lean-forward position.
